## SHOTA KHAJISHVILI

The representative of RISOIL S.A. in Ukraine

RISOIL S.A. was founded in 2000 in Geneva, Switzerland. The company's structure allows it to utilize its resources to be stable and efficient, to develop actively, to be in touch with the world's markets, and to adapt to their rapid changes. Over the years of development, the company has established offices and manufacturing facilities in Ukraine (Odesa region). Odesa is the excellent location for our company: there are a lot of professionals, there is excellent technical infrastructure and the most important - administrative support from authorities.

## THOMAS SILLESEN

Chairman of the Board of Directors of BIIR & CEO (General Manager) BIIR Ukraine LLC

**BIIR was founded in 2008. It brought together a group of companies operating in the full range of engineering services:**

Solution development, production and reconstruction of equipment for industry, oil production, logistics, solar and wind power. Its customers are outstanding giants in technology and industry: Siemens, Mitsubishi, VESTAS.

Out of 6 operating year **4 years in a row (from 2015 to 2018) BIIR UKRAINE LLC was recognized as the winner of the all-Ukrainian rating "Bona fide tax payers in the field of law, consultancy, science and technology" category.**

The company is growing by building of energy-efficient employee housing, then creating new offices.

Just a few years ago BIIR Ukraine LLC had 8 engineers and today there are almost 200 people working in Odesa, Kyiv, Lviv and Kharkiv.

BIIR Ukraine LLC is planning to build an energy-efficient employee house and then to create new offices with the support of the Odesa regional state administration. Thomas Sillesen said:

«Ukraine's main advantage is the Ukrainians themselves». He keeps on believing in our country and reaffirms his words with investments.
